

RAZOR MK3 CUSTOM GRAPHICS

Ultra-Thin Die-Cast LED Custom-Wording Sign

The RAZOR MK3 Custom is the ultimate in low profile, unobtrusive custom graphics signs. Utilizing the Razor Exit sign components with an open face insert a wide variety of custom graphics can be applied. Only 5/8" thin, the Razor die cast aluminum sign utilizes the latest low energy, long life LED light sources. The legend colors can be Red, Green, or Blue, while the background can be White, Black, or Custom to order.

CONSTRUCTION

- Razor thin Die Cast Aluminum LED open face sign with recessed power supply to fit standard 4" J-box
- Thick wall construction from heavy duty die cast aluminum alloy
- Fine grain brushed aluminum, pure white or black finishes to order, other finishes are available
- Injection molded 3mm light guide produces vivid illumination
- Unique snap fit housing eliminates unsightly hardware
- Low profile canopy for end or top mount applications mounts to a standard j-box
- Polycarbonate security cover and wire guards available for wall mount installations
- Optional snap fit polycarbonate face shield is ideal for vandal resistant applications
- Pendant suspension mounting & specialty mounts available
- Damp location rated is a standard feature

ELECTRICAL

- Self-Diagnostic Battery monitoring on all 'EM' models
- Premium long life high temperature Nickel Metal Hydride battery pack operates 2.6 times longer than the minimum 90 minute run time
- 120 or 277 VAC field selectable input
- Electronic control circuit optimizes LED life and light output. A diagnostic selfcompensating constant current charger circuit monitors the condition of the battery pack and indicates via a flashing LED when battery needs replacing
- Circuitry includes - Zero current LVCO, brownout sensing and line-latch

ILLUMINATION

- Featuring high contrast and visibility in the energized mode
- Maintenance free LED light source with 25+ years life expectancy
- High intensity LED array provides exceptional energy efficiency with just 2 watts power consumption for both single and double face AC models. Battery backup models consume just 2.4 watts
- Edge lit illumination provides vivid and uniform legend illumination

CERTIFICATION

- Tested, approved and listed by Underwriters Laboratories to UL 924, meets CSA C22.2 No. 141-10, NFPA 101, NFPA 70-NEC and OSHA requirements
- Buy American Act compliant

WARRANTY

- 5 year limited warranty - view complete warranty terms online at www.evenlite.com/terms-warranty.
