

TELESIS TEXZ

Commercial-Grade Surface Edgelit LED Exit Sign

The Telesis TEXZ offers an economical exit sign with innovative design, contemporary style, and easy installation, making it the ideal choice for general interior applications. Its slim profile enhances its aesthetic appeal, while its competitive price point and simple installation meet the needs of both distributors and contractors. It's thoughtfully designed with soft curves and low profile to create a distinctive "floating" edgelit look. TEXZ is quality constructed with satin aluminum extruded housing and with a high-grade clear acrylic for the modern look and feel.

CONSTRUCTION

- Attractive, low profile satin extruded aluminum universal surface mount housing
- The 2M Double Face Mirror Background panel provides a Mirror reflector sealed between the two exit panels to simulate a clear background for Double Face exits. For field conversion the 2M model also includes a mirror reflector with two adhesive strips that can be applied externally to cover over one exit face to convert to a Single Face Mirror sign. For a purpose sealed Single Face Mirror panel order option TEXRIM or TEXGIM
- Clear acrylic edgelit lens is provided for single face signs and a mirrored background is standard for double face signs
- Unique pivoting housing allows for "hang straight" installation on sloped ceilings
- Universal surface mounting canopy for wall, ceiling, or end mounting
- Self-adhesive Chevron arrows with template enable on-site configuration
- Push to test switch and AC present indicator provided on EM models
- Suitable for indoor damp locations
- Operating temperature range is 10° C to 40° C

ELECTRICAL

- Solid state battery charging circuit re-charges the NiCad battery in just 24 hours after a 90 minute discharge
- Long life Nickel Cadmium maintenance free battery provides more than 90 minutes of emergency run time
- Universal 120/277 VAC 60 HZ field selectable input.
- Surge and brown out protection are standard
- Low voltage cut-off prevents battery damage and ensures positive charge acceptance following an extended discharge

ILLUMINATION

- Maintenance free LED Light source with low energy consumption and long life
- Red or Green LED's with 6" letters and 3/4" stroke ensure code compliance

CERTIFICATION

- Listed to UL 924, meets NFPA 101 Life Safety Code, NFPA 70-NEC and OSHA requirements
- California Energy Commission (CEC) Title 20 Compliant

WARRANTY

- 3 year limited warranty

ORDERING GUIDE

TEXZ-EM-R-IC

MODEL	OPERATION	LETTER COLOR	NO. OF FACES	PANEL OPTIONS ²	ORDERING NOTES 1 The 2M Double Face panel also includes a spare mirror reflector with adhesive strips that can be applied externally to cover over one exit face. The covering then replicates a Single Face Mirrored sign. For a purpose sealed Single Face Mirror reflector panel, order option TEXRIM or TEXGIM 2 For greater versatility and options see Sovereign II Series
TEXZ	AC AC Only (120/277 VAC)	6" LEGEND SIZE	STANDARD	TEXRIM Single Face Red Mirror Panel	
	EM Battery Backup Emergency	R Red	1C Single Face, Clear Background	TEXGIM Single Face Green Mirror Panel	
		G Green	OPTIONAL 2M Double Face, Mirror Background (Spare Mirror Reflector Included) ¹
