Vandal Resistant Wet Location Remote Heads

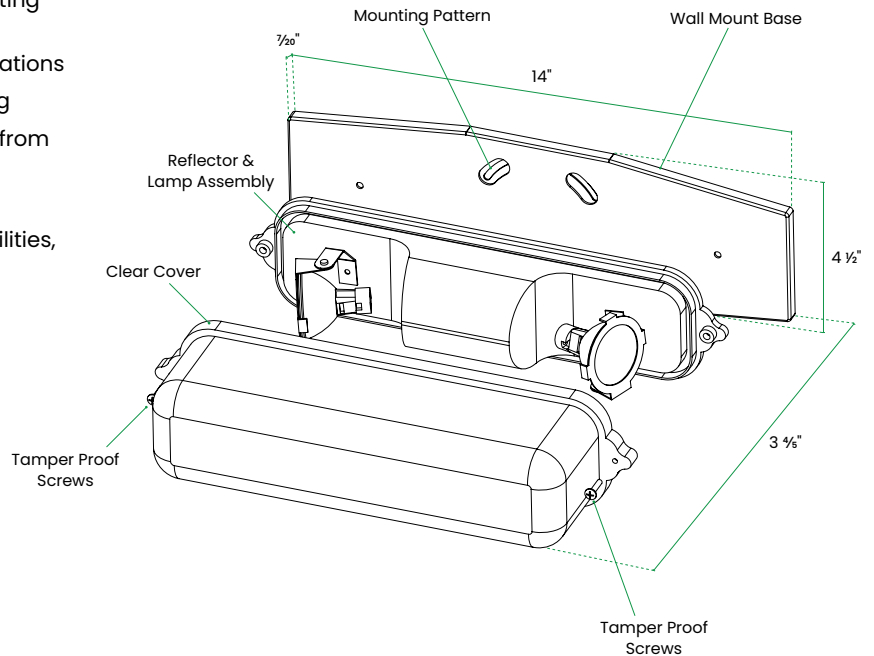

The Wet Location remote heads provide the quality construction of the standard vandal series enhanced with a 1/8" thick impact resistant injection molded polycarbonate shield. Ideal for wet locations and NEMA 4X requirements with an IP 66 rating, and for vandal resistant applications.

CONSTRUCTION

- 18-gauge cold rolled powder coated steel back mounting plate, white or black finish
- Rubber O-Ring gasket retained in a groove for wet locations
- Universal Mounting pattern for wall or ceiling mounting
- Polycarbonate protective lens shroud protects lamps from accidental or intentional abuse
- Stainless steel tamper resistant Torx head screws
- Suitable for use in schools, public areas, detention facilities, and anywhere that vandalism or abuse is a concern
