**STRATA
M TW
RGBW**

Fixture Type:

Project Name:

Notes:

General Information:

STRATA M TW is a compact and refined solution within the series, designed to deliver high performance in space-constrained applications. With its slim 33 mm profile, it integrates seamlessly into discreet architectural details, making it ideal for projects where minimal visual impact is essential.

Incorporating advanced dual CCT technology within a single diode, it enables smooth and precise transitions between color temperatures. This allows designers to create adaptable lighting environments that respond to different functional needs, times of day, or desired atmospheres.

Optimized for smaller spaces, STRATA M TW combines flexibility, control, and efficiency in a compact form. Its ability to deliver consistent, high-quality white light with seamless adjustability makes it a reliable choice for applications where both performance and subtle integration are key.

Voltage:

110-277V

Material:

HOUSING MATERIAL: 6063 High Density Extruded Aluminum Alloy

LENS MATERIAL: Optical grade PMMA

COVER: Silk screen tempered glass

Lighting:

LED

IP Rating:

IP 66

IK Rating:

IK 08

CRI:

80

Due to the dynamic nature of lighting products and the associated technologies, luminaire data on all specification sheets is subject to change at the discretion of Gordon Bullard LLC and associated companies.

Fixture Type:

Project Name:

Notes:

Driver Position:

REMOTE

Warranty:

5 Years

Features:

- Multiple mounting options for flexibility
- Optional anti-glare louvers
- Durable aluminum housing
- High lumen efficiency
- Various beam angles for precise control
