Notes:

General Information:

LUMACORE M RGBW is an efficient indoor linear lighting solution designed for seamless integration into architectural surfaces. Its recessed form factor allows for a clean, unobtrusive appearance, making it ideal for interiors that prioritize both aesthetics and performance.

Equipped with RGBW technology, it delivers vibrant color mixing alongside high-quality white light, enabling dynamic lighting effects as well as functional illumination. The inclusion of recessed louver options enhances visual comfort by reducing glare and improving light control, ensuring a balanced and pleasant lighting experience.

Engineered for strong optical performance and high lumen efficiency, LUMACORE M RGBW provides consistent and reliable illumination across a variety of applications. Its combination of sleek design, color versatility, and functional efficiency makes it a stylish and adaptable solution for modern interior lighting projects.
