LUMABAR M SW

RGBW

Fixture Type:

Project Name:

Notes:

General Information:

LUMABAR M SW is a versatile linear lighting solution designed for seamless integration into modern architectural environments. Its compact and refined form allows it to blend effortlessly into a variety of applications, supporting clean design lines while enhancing the overall visual experience.

Available in three standard lengths, LUMABAR M SW provides the flexibility needed to accommodate a wide range of project requirements, from subtle accent lighting to continuous linear installations. Its adaptable design ensures consistency across different applications while simplifying planning and specification.

Defined by its minimalist aesthetic and efficient performance, LUMABAR M SW delivers uniform, high-quality illumination with excellent reliability. Engineered for straightforward installation and long-term durability, it offers a dependable lighting solution that balances performance, ease of use, and architectural elegance.
